TABLE OF CONTENTS

FEATURES

Thank you for purchasing our product. Please go through this manual carefully before connection and operation. Please keep this manual for future reference.   DVD MINI is a new generation home player which can produce high quality video and audio. Its performance is much better than that of any previous home video playing equipment. As the best signal source of home theatre system , It will give you the uppermost enjoyment!

-Dolby AC-3,MPEG4,DIVX, PCM, MPEG.
-Hi-fi, 96kHz/24bit audio digital processor.
-Software intelligent upgrade
-High-resolution component video output, support future video equipment
-Optical, coaxial digital audio output
-Super compatible with DVD/DVD+RW/DVD-RW/DVD+R/DVD-R/HDCD/CD/CD-R/MP3.
-Decoding on single-chip technology, high reliability and stability ,and super error correction.
-2*15W Speaker
-50 FM preset station
-Support USB, SD/MMC/MS CARD

FOR YOUR ATTENTION

IMPORTANT NOTES:
Please read through the manual carefully before connection and operation.
Do not open the cover or touch any internal components.
Turn off the power when the unit is not being used. (Unplug the power cord if the unit is not used for a long time).
Don't expose this unit to direct sunlight. Keep away from any heating sources.
